Dear Sir,

My wife and I felt that we must write to thank you and your staff for the excellent service you provided when carrying out the recent repair to our burst water main. The service you provided started with you helping to action our insurance claim. My wife was especially grateful with the way your staff explained every stage of the repair in a way that she could understand what was happening. The work was carried out in the timescale stated and in a very clean manner, in fact the only indication that the work has been carried out, is the patch of fresh concrete on our path. We would have no reservations about recommending your company to any of our friends or relatives who may require this type of work in the future. We again thank you for a very professional job well done and would be happy to provide any recommendations for you if it is ever required.

Yours Sincerely, 

Mr. R. C. Bartlett.
